I live in Swaffham in Norfolk and have been searching on the internet for [used cars Norwich](#) . My son has recently passed his driving test so we need a cheap reliable car that will not cost too much to insure. A vehicle such as a used Ford KA 1.3 or a Vauxhall Corsa 3 Door with manual transmission would be perfect. A friend has recommended Stebbings Car Superstore in Kings Lynn as they have a huge selection of used cars on display of all manufacturer makes and models. I would also like to know if Stebbings offer drive away car insurance for 7 days as this would help.
